SOUNDBATH MEDITATION/CRYSTAL ALCHEMY SOUNDBATH

The unique healing vibrations of Tibetan singing bowls are known to have calming effects on the body. Crystal alchemy singing bowls are unique instruments because they are infused with gemstones, minerals, earth substances, and precious metals which are amplified through the quartz, creating alchemy frequencies which are deeply transformational. Based on ancient healing techniques, these vibrations work on a cellular level. Unwind in a sound bath after a grounding meditation that will leave you feeling relaxed and at peace. Other healing instruments may be incorporated such as chimes and gongs.

THERAGUN PERCUSSIVE STRETCH

Percussion stretch therapy targets muscles, connective tissue, tendons, ligaments, and joints, all of which work together to aid mobility. Our instructor will take you through a series of stretches aided by percussive therapy with a Theragun pro. When combined, there are many health benefits of percussion stretch therapy apart from relaxing muscles and alleviating pain. These include increased mobility, improved sleep, and improved immunity. Regardless of your fitness level, improved flexibility and mobility can help with strength, power, agility, and endurance so you can do more of what you love.

BREATHE and FLOW

This class begins with a 20-minute exploration into the art of breathwork to oxygenate the body and open the heart. A slow flow Yoga practice follows, leaving you rejuvenated and renewed for the day ahead.

INTAKE BREATHWORK
